

July 25th 2019

Dear Chicago Paint & Coatings and Association Members:

Thank you for being a part of our great organization! I'd like to start by reminding everyone of our Association's goal; "To truly represent the industry in the Chicagoland area and to do those things that are for the good of the industry and of the public, for here and throughout the nation".

Thank you to those members and guest that attended our Annual Dinner Meeting & Election of Officers & Board of Directors in May and our 1st Annual Bill Caprel Golf Invitational in June. Both events were a great success. Thank you to Dave Brimm, Brenda Svenneke, Bill Caprel and our golf committee members for your help for both events; it is greatly appreciated!

We have several opportunities this summer to further our association goal; both are service projects which makes our Association unique! Please consider participating in the following events coming soon!

See the CPCA web site at <http://www.chicagopaint.org/index.php> for more details and look for e-mails on both events as well:

- CPCA's 23rd Annual "Paint A Brighter Chicago Event"—Saturday August 10th from 8am-4pm at Gray Elementary School 3730 N. Laramie Avenue Chicago, IL 60641---our Association's largest service event each year!! Please promote this event with your company and create a volunteer team and come out to help us at this great event! Sponsors needed as well!
- CPCA "Feed My Starving Children" Volunteer Event—we have another service project planned for evening of Thursday September 26th; as a group we will package food for the hungry at The Feed My Starving Children facility in Schaumburg, IL. More details to follow.....check out the site for more details about FMSC!
<https://www.fmsc.org/>

I would also like to recognize the Chicago Society of Coatings Technology 100th Anniversary Celebration which is planned for Saturday August 3rd. We have many CPCA members whom participate in the CSCT organization as well. Please consider attending this great event planned to celebrate this milestone for the Chicago Society of Coatings Technology. Go to the site below for information and to register: <http://www.chicagocoatings.org/100-year-anniversary-celebration.html>

I ask all members to please get involved; please come to our events with colleagues, customers or friends to enjoy the company of your fellow industry members; reconnect and network! Think of the huge impact our association makes each year and commit to volunteering at our "Paint a Brighter Chicago" and "Feed My Starving Children" events this year.

When you give or invest time into the CPCA you will receive much more than you give! I guarantee it!

Very Truly Yours,
Chris Wrobel-President—Chicago Paint & Coatings Association
